VHC Reserved Parking Process

The Care Team has agreed to help Members with short or long term mobility issues with a temporary or permanent assignment to a Reserved parking space. Spaces 3, 4, 33 and 34 are marked "Reserved" on the curb. Additional temporary Yard Signs, marked "Reserved" are available for use in additional parking spaces.

A Member who wants a Reserved parking space will contact the Care Team's Lotsa Helping Hands Coordinator to request assistance with a Reserved parking space. The Coordinator will meet with the Member to help determine a good solution for their need. Once a solution is determined, the Coordinator will update the Reserved Space Roster and notify the Community of the Member's name, space reserved and term.

The Reserved Space Roster will be posted on the Common House Bulletin Board and on Trello.
